

BUOY®

CROP + ORNAMENTAL FROST CONTROL PROTECTION

WITH A POTENTIAL FROST OR FREEZE ON THE HORIZON, BUOY® IS A TOOL TO HELP PROTECT YOUR FRUIT, NUT AND VEGETABLE CROPS.

BUOY® IS FORMULATED WITH A THREE-WAY PROTECTION SYSTEM FOR YOUR CROP.

- ✦ On the plant surface, **BUOY®** aids in reducing ice marking.
- ✦ In the plant, **BUOY®** acts similar to anti-freeze, allowing the plant to sustain colder temperatures below freezing.
- ✦ **BUOY®** also contains a nutrient package to aid the plant in coming through its stress period after the frost.

BUOY® MAY HELP YOUR CROP WITHSTAND 2 - 4 DEGREES BELOW ITS NORMAL CRITICAL TEMPERATURES.
