

CROP EXCELLENCE®

# STRESS MASTER

POTASSIUM PHOSPHITE FERTILIZER

5-0-5

WITH UPTAKE ENHANCEMENT TECHNOLOGY

## SOYBEAN FIELD TRIAL RESULTS

A recent field experiment conducted by Crop Excellence® revealed that application of CROP EXCELLENCE® STRESS MASTER™ Potassium Phosphite Fertilizer, resulted in a higher yield of soybeans. **+2.4 bushels per acre over soybean crops with no STRESS MASTER™ applied.**

**CROP:** Soybeans

**LOCATION:** North Carolina

**PRODUCT:** CE STRESS MASTER™

**RECOMMENDED RATE:** 1 - 2 pints per acre

**YIELD INCREASE:** +2.4 bushels per acre over replicated trials
