

CROP EXCELLENCE[®] LIQUID MIX

WARNING: NOT FOR FOLIAR APPLICATION

GUARANTEED ANALYSIS

Sulfur (S)	3.50%
3.5 % Combined Sulfur (S)	
Copper (Cu)	0.25%
0.25 % Chelated Copper (Cu)	
Manganese (Mn)	3.00%
1.50 % Water Soluble Manganese (Mn)	
1.50 % Chelated Manganese (Mn)	
Zinc (Zn)	3.00%
3.00 % Chelated Zinc (Zn)	

Derived from: Copper Sulfate, Manganese Sulfate, Zinc Sulfate, Ammonium Sulfate and Citric Acid.

GENERAL INFORMATION

Crop Excellence[®] Liquid Mix is specifically formulated for use in high phosphate materials that are commonly applied in a row as "Starter" or "Pop-up" fertilizer. Crop Excellence[®] Liquid Mix is compatible with most 10-34-0/11-37-0 and/or pesticide combinations.

DIRECTIONS FOR USE

Always make a small-scale test to assure compatibility in your material. Then add Crop Excellence[®] Liquid Mix to partially filled planter tank and complete filling process. A small amount of agitation is suggested for thorough distribution. When mixing a batch tank, add product to water or nitrogen solution before adding phosphate material.

RECOMMENDED RATES

Broadcast Application

Severe Deficiency	4 quarts per acre
Moderate Deficiency	2 quarts per acre
Maintenance	1 quart per acre

Row Application

Use at a rate of two quarts per acre as a supplement to broadcast applications, preferably of an inorganic micronutrient source.

NOTICE

Manufacturer warrants that Crop Excellence[®] Liquid Mix conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions. Neither this warranty or any other warranty of merchantability, expressed or implied, extends to these of this product contrary to label directions. Buyer assumes all risk if Crop Excellence[®] Liquid Mix is used in any manner or under any condition other than those specifically set forth on the label.

WARNING
KEEP OUT OF REACH
OF CHILDREN

Causes skin irritation and serious eye irritation.
May cause respiratory irritation.
May cause damage to central nervous system through prolonged exposure.

STORAGE AND DISPOSAL

Store in a well-ventilated place. Keep container tightly closed. Store locked up. Store in polyethylene, polypropylene or fiberglass (See Section 7 of SDS). Store above 28°F. Dispose of contents/containers in accordance with local/regional/national regulations (See Section 13 of SDS). Do not reuse container. Triple rinse containers before disposal.

PRECAUTIONARY STATEMENTS

Read label before use. Keep container tightly closed. Avoid contact with eyes, skin and breathing vapors or spray mist. Wear protective gloves chemical splash proof goggles, and face protection. Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. Use adequate ventilation when handling. Keep away from open flame. In case of fire: Dry chemical fire extinguisher to extinguish and call CHEMTREC (800)424-9300. First Aid: If exposed call CHEMTREC or refer to SDS First Aid section. If on skin (or hair): Wash with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical attention. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. If Ingested: Rinse mouth. Do NOT induce vomiting. Drink large amounts of water. Never give anything by mouth to an unconscious person. Call doctor or Poison Center. If Inhaled: Remove person to fresh air and keep comfortable for breathing. Provide artificial respiration if necessary. Get medical attention for any breathing difficulty. Keep away from children. Do not contaminate feed, seed or water supplies. Do not expose brass, bronze, aluminum, zinc or their alloys to this product.
